Committees

The heart of the Harbor Association of Industry and Commerce committees monitor legislation, provide a forum for industrial and government speakers to address key issues, write resolutions and provide oral testimony of support or opposition which reflect the HAIC's overall position.

Governmental Affairs

Members review regulations and legislation affecting the business community, specifically in the South Bay. Of particular interest are air qualities, water-borne commerce, land use and port issues. This committee is concerned with pending legislation at the Federal, State and local level that may affect the needs of HAIC members.

- Port Security Subcommittee
- Transportation Subcommittee

Marketing & Communications

Responsible for developing HAIC's marketing and communications vehicles: membership brochures, monthly newsletter, website, media kits, press releases, public service announcements and position papers.

Programs

Monthly meetings featuring prestigious speakers on issues having a bearing on the economic health and well being of the South Bay. This committee endeavors to find a diverse group of speakers representing many topics and issues of interest to our members.

Events

This committee works on annual events ranging from harbor cruises for HAIC members and their friends, a Harbor Cup Challenge golf tournament, annual officers and directors installation dinner, the "Salute to Industry" awards banquet and the yearly Sacramento visitation to meet with our legislators.
